

**FLAWED HERO**

## THE FLAWED HERO MARATHON IS RETURNING IN 2025

On the 26th April there will be over 200 people standing in front of an iconic startline, the Broadway Cinema in Letchworth Garden City, counting down the minutes to midnight.

**AS SOON AS WE WELCOME THE 27TH APRIL** the day of the TCS London Marathon, we will experience the journey of 26.2 miles whilst the world is sleeping.

**THE FLAWED HERO MARATHON 2024** was an incredible experience. Forty men stood at the Broadway Cinema in Letchworth at midnight. Over 30 of them had never come close to running 26.2 miles or completing a marathon before.

**2025 IS ABOUT EVERYONE** It's about cultivating incredible stories. We want inclusivity. All shapes, sizes, backgrounds, stories. People who have run before and those who never felt they would, should, could, or be deserving of completing a marathon.

You will be part of an incredible fundraising collective. The aim is a minimum of £100K. 90% of the fundraising will go to Pancreatic Cancer UK, who are the Official Charity of the Year for the TCS London Marathon. The remaining 10% will go to the Flawed Hero Movement CIC, to help move the needle of wellness within our community.
